USING 'DISCOVER MORE'

The 'Discover More' [booklet](#) was released by Supreme Grand Chapter in 2023 following a survey that revealed a wide range of different, and sometimes incorrect, narratives in use to describe the Royal Arch. The booklet was therefore produced to encourage the adoption of a more consistent message.

The key 'strap line' of *Discover More* builds on that used in the Craft – *Discover Freemasonry*. In this document, the themes of four key discoveries made in the Royal Arch are used to highlight what Master Masons will gain by becoming a member. It also stresses the importance of defining Pure Antient Masonry as a single journey from Initiation to Exaltation: *One Journey* as part of *One Organisation*.

All Companions are therefore encouraged to make use of these themes when explaining the benefits of Royal Arch membership to other masons, in particular, Master Masons. These themes are reproduced below:
